The course as a whole was good. The textbook is okay but can go on tangents that are confusing and unnecessary. The textbook overall holds the course back

Really great teacher! Engaging and showed care and passion for the students and the course. Was able to teach material effectively and did great when students had questions. Overall, one of the best teachers I have ever had.

The book as a whole is laid out well. It is easy to follow when working independently.

The summer class is intense and does not allow for enough time for practice. It is definitely ^{nearly} impossible to complete all the online activities + textbook activities as requested by the instructor on a daily basis. I'd rather see a language lab + tutoring than "remodeled" grassy areas + flower beds.

She is very good at organizing the daily classes and staying on task. She is also very good at recycling the vocab and grammar - including review in every class. She does not get off on tangents and she does not dismiss class early + so does not waste precious student time in a language classroom. 😊 She also provided study guides, + extra activities for practice.

She communicated thru Blackboard for any updates

I learned so much in such a little amount of time. It amazes me that I was able to keep up and actually learn the fundamentals of French.

Mme Grech is very knowledgeable and patience when it comes to teaching French. If I didn't understand something she was able to clarify effectively.

*Madame Grech is a nice person with a great understanding of what students are going through. Even though the course is difficult, she helped us get through it and still learn a great deal.
Merci beaucoup!*
